EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The following changes have been made in the subject of the application to put the claims in a condition for allowance.

In claim 23:

lines 6 and 8, replaced "a respective" with --the respective--.

In claim 28:

lines 7 and 16, replaced "a respective" with --the respective--.

line 18, replaced "a common" with --the common--.

line 21, replaced "respective" with --the respective--.

REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance:

The applicant's amendment filed on 12/22/05 overcomes the deficiencies and the prior art rejection. Claims 21-32 are allowed because the prior art of record does not suggest that "the seventh, eight and nine switches are coupled in parallel with the first, second and third capacitors, and the output of the scaling circuit has second signal amplitude that is scaled to one-third or two-thirds of a first signal amplitude at the signal input" as combined in claims 21, "the amplitude of the second signal is scaled by N/M of the amplitude of a first signal at the signal input where N is less than M , and M and N are positive integer numbers" as combined in claim 23, or "the positive node has a second positive signal that is N/M the amplitude of a first positive signal at the positive signal input and the negative node has a second negative signal that is N/M

Art Unit: 2816

the amplitude of a first negative signal at the negative signal input, where N is less than M, and M and N are positive integer numbers" as combined in claim 28.

CONCLUSION

Any comments considered necessarily by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
